Continguts

Students can choose the orientation of the External practicum.

This means they can propose a center provided that the module coordinator approves. Students must have completed the modules most relevant to the content area they are interested in.

When students finish the internship, they are expected to be familiar with the reality of the professional area they have chosen.

Metodologia

Every student will be advised by an MA professor who will guide his/her internship. To this aim, they will hold tutorial sessions in order to follow the development of the internship.

There will also be a tutor in the company/school in which the internship is carried out that will be responsible for the student. The student will be able to observe and participate in the company/school with the help of the tutor who will inform and help the student.

Finally, the student will have to present a written report with all the relevant information about the company/school and keep a diary of the activities as well as his/her own doing. The report has to be a critical account of everything learned during the internship.
