Perspectives on Research in Mathematics Education

2016/2017

Code: 43209
ECTS Credits: 6

Degree	Type	Year	Semester
4313815 Research in Education	OT	0	1

Contact

Name: Nuria Planas Raig

Email: Nuria.Planas@uab.cat

Use of languages

Principal working language: catalan (cat)

Prerequisites

Not considered

Objectives and Contextualisation

- Construction of basic knowledge about the singularity of Mathematics Education as a research area

- Development of habilities concerning the identification of rigor criteria in this research area

Content

There will be three major groups of contents; they will be distributed in a balanced way throughout the sessions.

Group I - Singularity and historical construction of Mathematics Education as a research area

Group II - Exemplification of internationally recognized domains inside the research area

Group III - Discussion of internationally emerging domains with representation at a local level
