Methodology

Methods

Problem-Based Learning (PBL), cooperative learning and case method.

Classes

Lectures and seminars

Lectures will be provided with the help of audio-visual resources.

Seminars will be based on presenting real crime cases and discussing its ways of prevention. In order to do the required exercises students will be provided with a practical guide.

Moreover in the seminars, students will made presentations of their group work

Activities

Title	Hours	ECTS	Learning outcomes
Type: Directed			
Lectures (review of cases)	22.5	0.9	2, 3, 17, 13, 6, 5, 10, 8, 21, 14, 19
Type: Supervised			
Seminars	22.5	0.9	9, 1, 20, 21, 22
Type: Autonomous			
Readings, preparation of dossiers and group work	100	4	13, 6, 9, 21, 22, 19

Evaluation

1. Evaluation model

Continued assessment. Minimum attendance of 80% is required. Participation in class, and ability to connect theoretical concepts with deontological values of the profession will be considered.

2. Criteria for evaluation

5 items will be considered for the final mark. Students need to obtain a pass (5) in all of them.

a. Elaboration of a dossier. The dossier should contain everything we have worked on during the course (lecturer's explanations, graphical documents visualisation, readings, conclusions reached in the group text, etc.). Students need to expand the dossier with the use of the recommended bibliography. It counts 30% of the final mark.

b. Group project. The content of the project will be discussed with the professor of the course in due time. It counts 30% of the final mark.

c: Individual essay. Students will elaborate a paper on a topic suggested by the professor. It counts 30% of the final mark.

d. Oral skills. 5% of the final mark integrated to the dossier entry

f. Active participation. 5% of the final mark integrated to the dossier entry

3. Conditions for being assessed

Students must actively participate in class and in group projects. In addition, they must prepare individual projects.

4. Re-assessment

Students will have the opportunity to repeat the failed activities. Requirements to pass will be detailed by the professor.

5. Fraudulent conducts

In case whatsoever during the examination it would be detected that the candidate is copying from another student or using any device to access information during the examination, the student will get a fail mark (0) without any option to retake the exam.

In case of presenting any work which contains any plagiarism, it would be considered the range of plagiarism on every case, but in case of extreme plagiarism the student will get a fail mark (0) without any option to be reassessed.

Evaluation activities

Title	Weighting	Hours	ECTS	Learning outcomes
Assistence and participation	10	0	0	20
Dossier	30	0	0	3, 17, 13, 6, 5, 10, 7, 4, 11, 8, 9, 15, 16, 1, 21, 14, 18, 19
Individual projects	30	0	0	2, 3, 6, 5, 10, 12, 8, 9, 1, 22, 14
Practical Group project	30	5	0.2	3, 10, 1, 20, 21, 22, 14

Bibliography

There is no mandatory bibliography
