The evaluation will be conducted, during the semester, through the evaluative activities contained in this table.

To pass the subject, you must have a minimum arithmetic mean of 5. A score that comes from the calculation between the three sections. However, this calculation -previously- requires a minimum grade of 4 in the written exam. If not, the subject will be suspended. Nevertheless, there is the possibility of recovering the subject, with the condition that a minimum arithmetic mean of 3.5, through a last written test. If successful, the maximum mark of this recovery can only be an approved (5 to 6.9). Finally, repeating the subject implies accepting a single final synthesis evaluation.

Next, in an approximate way, the evaluation dates are mentioned:

1/ Bachelor's Degree in Primary Education

Group 31 Written exam (21/01/2020) // Retake (04/02/2020).

Group 21 Written exam (16/01/2020) // Retake (06/02/2020).

Class attendance is compulsory with a minimum of the 80%.

The marks obtained in each of the activities, in up to 20/25 days, will be delivered to students by publishing the results in the Virtual Campus or in the classroom.

Similarly, it also takes value: the linguistic correction, the writing and the formal aspects of presentation in all the activities (individual and group). In addition, it's necessary to express fluently, correctly and show aptitude in the comprehension of the academic texts. In this sense, an activity can be returned (not evaluated) or suspended, if the teacher considers that it doesn't fulfill these requirements. In turn, you must write the sources, notes, textual citations and bibliographic references correctly in accordance with the APA format.

Finally, it's recalled that it's not allowed to copy or plagiarize in the writing of any activity (regulation approved by the *Comissió d'Ordenació Acadèmica de Graus i Màsters: Criteris i pautes generals d'avaluació de la Facultat de Ciències de l'Educació*, May 28, 2015; and modified by the *Junta de Facultat*, April 6, 2017). Therefore, any attempt will mean suspending the subject. An attitude that isn't compatible with the deontological code of the educational profession: active listening, respect, participation, cooperation, empathy, kindness, punctuality, argumentation, correct use of the mobile phone and other technological gadgets, etc.
