 - 3.2 Calculation of the contribution: bases, types and dues
 - 3.3 Dynamics of the obligation to contribute
 - 3.4 Voluntary collection: documentation and payment of the contribution
 - 3.5 Postponements
 - 3.6 Breach of the obligation of contribution: executive collection, sanctions and responsibilities of the employer
 4. Other obligations in matter of Social Security: direct responsibility and payment delegated of the provision by temporary inability. Benefits charge
 5. Voluntary improvements
- Nombre de paraules: 422.

Methodology

1. ACTIVITIES DIRECTED

The activities directed are all those that develop in the classroom, in the horaris planned by the subject and under the direction of the professor. They can be theoretical classes, practical classes or conferences - colloquium.

1.1. THEORETICAL CLASSES

They consist in the exhibition by part of the professor of diverse appearances of the list of subjects, taking the applicable rules and the materials that previously will have facilitated through the Educational Space of the subject inside the Virtual Campus.

1.2. PRACTICAL CLASSES

They devote to the execution of practical units. Each unit includes a face-to-face work in the classroom and a previous work out of the classroom. So much one like another will suppose the realisation of a series of tasks of diverse format: identification and study of the normative frame of a determinate institution, reading and understanding of materials, resolution of juridical problems that pose usually in the practice, etc.

2. ACTIVITIES SUPERVISED

The activities supervised are those that carry out out of the classroom, from the indications given by the professor and remain subjected later to some process of supervision or follow-up by part of this. As already it has put of self-evident, the previous work that involve the practical activities generates a series of tasks of diverse format that has to execute out of the classroom and later are object of supervision and verificación through the work of the classroom proposed in the frame of the same activity.

3. AUTONOMOUS ACTIVITIES

The autonomous activities are all those in which the students organise his time and effort of autonomous form, already was individually or in group, like the research and study of bibliography, the elaboration of diagrams or summaries, etc. In the frame of this subject the essential part of the autonomous activities links to the preparation of the final theoretical examination.

Activities

Title	Hours	ECTS	Learning Outcomes
Type: Directed			
Practical classes	13	0.52	1
Theoretical classes	33	1.32	
Type: Supervised			
Preparation of summaries and diagrams	15	0.6	
Research and analysis of juridical documentation	11.5	0.46	
Resolution of practical cases	22	0.88	1
Type: Autonomous			
Study	52	2.08	1

Assessment

Evaluation

Calendar of evaluation activities

The dates of the evaluation activities (midterm exams, exercises in the classroom, assignments, ...) will be announced well in advance during the semester.

The date of the final exam is scheduled in the assessment calendar of the Faculty.

"The dates of evaluation activities cannot be modified, unless there is an exceptional and duly justified reason why an evaluation activity cannot be carried out. In this case, the degree coordinator will contact both the teaching staff and the affected student, and a new date will be scheduled within the same academic period to make up for the missed evaluation activity." **Section 1 of Article 115. Calendar of evaluation activities (Academic Regulations UAB).** Students of the Faculty of Economics and Business, who in accordance with

the previous paragraph need to change an evaluation activity date must process the request by filling out an Application for exams' reschedule

https://eformularis.uab.cat/group/deganat_feie/application-for-exams-reschedule

The system of evaluation conforms from two elements: the evaluation continued of the practical activities and the final examination.

1. The evaluation continued of the practical activities

Resolution of practical cases by writing: 30% of the note

Oral presentation and discussion of the works: 20% of the note

The student has to present the resolution by writing of three practical activities the days that detail in the planning (30% of the note). These works will be object of exhibition and debate in the classroom (20% of the note). The assistance to the classroom, so much the day of the session of preparation of the practical activity like the day of his delivery and debate is compulsory to effects that they mark these activities.

VALUE 50% NOTE

2. The final examination

The objective of the final examination, that will mark of 0 to 5 points, will be to verify the acquisition of the competencies worked through the theoretical and practical classes (the punctuation obtained will conform 50% of the note of the subject).

The final examination will consist in 5 questions of development with answer of half extension (between 10 and 15 minutes each one) with a maximum value of 10 punts each one. Total 50 punts.

It is necessary to obtain a minimum note of 2 punts in the final examination to be able to do the average with the rest of activities. If the minimum threshold is not reached the note will not be counted to effects of the calculation of the final note of the subject since it will receive a 0

3. Final note of the subject

The final note of the subject will obtain adding the qualification obtained in the evaluation continued of the practical activities (on 5 points) more the obtained in the final examination (on 5 points).

The subject will consider approved if the resultant total punctuation is equal or upper to 5.

Grade revision process

After all grading activities have ended, students will be informed of the date and way in which the course grades will be published. Students will be also be informed of the procedure, place, date and time of grade revision following University regulations.

Retake Process

"To be eligible to participate in the retake process, it is required for students to have been previously been evaluated for at least two thirds of the total evaluation activities of the subject." Section 3 of Article 112 ter. The recovery (UAB Academic Regulations). Additionally, it is required that the student to have achieved an average grade of the subject between 3.5 and 4.9.

The date of the retake exam will be posted in the calendar of evaluation activities of the Faculty. Students who take this exam and pass, will get a grade of 5 for the subject. If the student does not pass the retake, the grade will remain unchanged, and hence, student will fail the course.

.The process of recovery will consist in an examination of similar format to the final examination.

The student that have not participated in the final examination of evaluation will obtain a "No Evaluable", and will not have right to recovery although, in his case, the qualification obtained in the evaluation continued of the practical activities have been able to arrive to 3,5. Therefore, it will have to do the subject the following course.

Irregularities in evaluation activities

In spite of other disciplinary measures deemed appropriate, and in accordance with current academic regulations, *"in the case that the student makes any irregularity that could lead to a significant variation in the grade of an evaluation activity, it will be graded with a 0, regardless of the disciplinary process that can be instructed. In case of various irregularities occur in the evaluation of the same subject, the final grade of this subject will be 0"*.

Assessment Activities

Title	Weighting	Hours	ECTS	Learning Outcomes
Evaluation continued of the practical activities. Oral presentation and discussion of the works	20%	0	0	1
Evaluation continued of the practical activities. Resolution of practical cases by writing	30%	1.5	0.06	1
Final exam	50%	2	0.08	1

Bibliography

Previous rule are not valid for the preparation of the matter. To the start of the course the responsible professor will resolve any doubt in this regard.

1. Manual

Although, there is not in the market a manual that can adjust to the exact content of the subject, some of the manuals that include all the theoretical matter that will treat along the course are, among others, MONTROYA MELGAR, A.: "Derecho del Trabajo", Tecnos,(last edition) or MERCADER UGUINA, J.R. "Lecciones del Derecho del Trabajo", Tirant lo Blanch, (last edition). Nevertheless, his content is much wider that the matter that will treat and will evaluate.

2. Rule

The professor will inform and will facilitate (mainly via virtual campus) the norms that will have to use the students.

For the access to the norms recommends the utilisation of the database of legislation of the Boletín Oficial del Estado (public and gratuita): <http://www.boe.es/legislacion/legislacion.php>

3. Link web

The main link web that will have to use in the frame of this subject correspond to the databases "Aranzadi", "Tirant on-line" and "La Ley", that are of free query for all the students of this University.

Documentation, forms and normative of interest can consult in the web of the Ministerio de Trabajo y Seguridad Social
