Content

Students can choose the orientation of the Internship. This means they can propose a center or a company provided that the module coordinator approves. It is mandatory that students have completed the modules most relevant to the content area they are interested in.

When students finish the internship, they should be familiar with the demands that will be placed upon them and the opportunities they will have in the professional area they have chosen.

Methodology

Every student will be advised by the Internship Coordinator who will guide his/her internship. To this end, they will hold tutorial sessions in order to follow up the progress made as a result of the internship experience.

There will also be a tutor in the company/school in which the internship is carried out that will be responsible for the student. The student will be able to observe and participate in the company/school with the help of the tutor who will inform and help the student.

Finally, the student will have to present a written report with all the relevant information about the company/school and keep a diary of the activities as well as his/her own doing. The report has to be a critical account of everything learned during the internship.
