Assessment

Assessment

6-minute English-Spanish, French-Spanish and/or German-Spanish consecutive interpreting test: 40 %

15-minute English-Spanish, French-Spanish and/or German-Spanish advanced simultaneous interpreting test on a specialised topic: 40 %

Sight translation test: 20%

Students may retake assessment activities they have failed or compensate for any they have missed, provided that those they have actually performed account for a minimum of 66.6% (two thirds) of the subject's final mark and that they have a weighted average mark of at least 3.5

Students may not retake assessment activities in which they are found to have engaged in misconduct (plagiarism, copying, personation, etc.)

The lecturer will inform students of the procedure involved, in writing, when publishing final marks prior to recording them on transcripts. The lecturer may set one assignment per failed or missed assessment activity or a single assignment to cover a number of such activities.

In the case of retaking or compensating for an assessment activity, the highest mark that can be obtained is 5.

In the event of the assessment activities a student has performed accounting for just 25% or less of the subject's final mark, their work will be classified as "not assessable" on their transcript.

Students who engage in misconduct (plagiarism, copying, personation, etc.) in an assessment activity will receive a mark of "0" for the activity in question. In the case of misconduct in more than one assessment activity, the students involved will be given a final mark of "0" for the subject.
