

**Domestic and Gender Violence**

Code: 100464  
ECTS Credits: 6

Degree	Type	Year	Semester
2500257 Criminology	OB	3	2

The proposed teaching and assessment methodology that appear in the guide may be subject to changes as a result of the restrictions to face-to-face class attendance imposed by the health authorities.

**Contact**

Name: Lucia Ortiz Amaro  
Email: Lucia.Ortiz@uab.cat

**Use of Languages**

Principal working language: catalan (cat)  
Some groups entirely in English: No  
Some groups entirely in Catalan: No  
Some groups entirely in Spanish: No

**Other comments on languages**

In case the course, should be attended by international students, the lectures and one seminar will be held in Spanish

**Teachers**

Lucia Ortiz Amaro  
Begoña Casado Moreno

**External teachers**

Montserrat Plaza (Leonor Maria Cantera Espinosa)

**Prerequisites**

Basic knowledge of criminology.

**Objectives and Contextualisation**

Domestic Violence and violence against women is one of the most serious types of crime. The main objective of the module is to understand the specific characteristics of these types of violation of people's rights, as well as being aware of the intervention mechanisms as a whole. The specific objectives of this module are: to know the epistemologies explaining violence against women and within the family, to understand the criminal system's intervention as one in a collection of interventions carried out by public policies, the characteristics and consequences of these intervention, and to introduce gender perspective as a framework in the interventions against violence towards women.

**Competences**

- Ability to analyse and summarise.
- Accessing and interpreting sources of crime data.
- Analysing the conflict and criminology by using the criminological theories and their psychological and sociological foundations.
- Designing a criminological research and identifying the appropriate methodological strategy to the proposed goals.
- Drawing up an academic text.
- Identifying existing social resources to intervene in the conflict and criminality.
- Respectfully interacting with other people.
- Students must demonstrate a comprehension of the best crime prevention and intervention models for each specific problem.
- Students must demonstrate they comprehend the criminological theories.
- Students must demonstrate they know a variety of criminal policies in order to face criminality and its different foundations.
- Using the evaluation techniques of criminogenic risk and needs of a person in order to decide an intervention proposal.
- Verbally transmitting ideas to an audience.
- Working autonomously.
- Working in teams and networking.

## **Learning Outcomes**

1. Ability to analyse and summarise.
2. Accurately applying the prevention models in specific crime situations.
3. Analysing with scientific criteria the information obtained in criminological databases.
4. Applying the criminological theories.
5. Applying the scientific criminological knowledge to the delinquency analysis.
6. Appropriately choosing the social resource for each professional intervention case.
7. Drawing up an academic text.
8. Efficiently applying the foundations of the different crime policies in the professional activity.
9. Inferring the intervention models in accordance with a previous needs assessment.
10. Respectfully interacting with other people.
11. Using the appropriate research methodology in accordance with the suggested criminological research.
12. Verbally transmitting ideas to an audience.
13. Working autonomously.
14. Working in teams and networking.

## **Content**

1. Introduction to the concept of violence.
  - 1.1 Regulations concerning violence.
  - 1.2 Social constructionism and norms.
  - 1.3 Violence and social context.
    - 1.3.1 Social responses and structural responses.
2. Typology of intimate partner violence.
  - 2.1 Elements of identification.
  - 2.2 Gender stereotypes.
  - 2.3 Myths about violence against women.
3. Explanation models and theoretical concepts of intimate partner violence.

- 3.1 Construction of sexist masculinity and violence.
- 4. Bonds of affection and abusive relationships: perpetrator and victim.
  - 4.1 Factors to be taken into account when designing prevention programmes against gender violence.
- 5. A global problem: the fight against violence towards women at international level.
  - 5.1 Violence against women in UN resolutions and declarations.
  - 5.2 Laws against violence towards women and domestic violence in Latin America and Europe.
- 6. Data on gender violence.
  - 6.1 Surveys of victims.
  - 6.2 Court data.
  - 6.3 Qualitative data.
- 7. Law against violence towards women in Spain and Catalonia.
  - 7.1. Act 1/2004, dated 28th of December of Integral Protection Measures against Gender Violence.
  - 7.2. Catalan act regarding violence against women: Act 5/2008, dated 24th of April of the Right of Women to Eradicate Gender Violence.
- 8. Development of public policies against gender violence and violence against women.
  - 8.1 Evolution of public policies concerning sexist violence.
  - 8.2 Plans against gender violence and violence against women.
  - 8.3. Intervention protocols and their environments.
- 9. Practices within the framework of the judiciary.
  - 9.1 Women's experiences within the judiciary.
  - 9.2 Sexist myths in the judiciary.
- 10. Intervention with female victims of gender violence.
  - 10.1 Diversity of violence and of women.
  - 10.2 Consequences on women and minors.
  - 10.3 Good professional practice.

## Methodology

Teaching and assessment methods may be submitted to change in case health authorities impose restrictions to access to campus

During the course different methodologies will be used: Lectures, individual work and working groups.

## Activities

Title	Hours	ECTS	Learning Outcomes
-------	-------	------	-------------------

Type: Directed

Seminar	19.5	0.78	3, 9
Theoretical class	19.5	0.78	4, 6

Type: Autonomous

Evaluation	5	0.2	4, 1
Individual Work	46	1.84	3, 9
Working groups	60	2.4	4, 6, 9

## Assessment

Assessment will be ongoing. The assessment will be based on participation, group and individual work and the individual test. All submissions will be returned with corrections and feedback for improvement.

1. Conditions for assessment: 100% attendance in classes and active participation in class. Submission of individual and group work.
2. Requirements to pass the module: a minimum grade of 5 is required for each type of assessment activity to obtain a pass.
3. Resit: if a student does not pass any of the assessment activities, a resit will be granted. The resit for group work and participation will take place during the teaching term. Individual work and the final test will take place during the resit weeks.
4. Plagiarism in the submitted work and copying during the test will entail a grade of 0 in the module and a resit will not be allowed.

## Assessment Activities

Title	Weighting	Hours	ECTS	Learning Outcomes
Debates and participation	5%	0	0	6, 10, 1, 12, 14
Exam	30%	0	0	3, 5, 4, 7, 1, 13
Individual work	20%	0	0	8, 9, 7, 1, 13, 11
Work in group	45%	0	0	2, 10, 12, 14

## Bibliography

There is a set of compulsory readings (see the basic bibliography below) available for students in order to prepare for the classes and the assessment activities. Furthermore, students will be provided with a further reference reading list in order to pursue the topics covered in depth and to carry out the group and individual work (see other relevant reference readings below). In class, the teaching staff will provide the necessary guidance to read this complementary material, which is not compulsory reading.
