9. Recognising the different measures that form the industrial dispute.
10. Self-motivating by undertaking specific training programs to acquire new knowledge.
11. Students must be capable of deciding, sharply taking decisions and judging.
12. Students must be capable of persuading others to agree with their point of view.
13. Understanding the meaning and proceedings of every formality and the means of challenge of every assumption.
14. Verbally communicating and defending a project.
15. Working autonomously.
16. Working effectively in teams.

Content

BLOCK I.

Lesson 1. The subjects of public international law (PIL): the International Organizations (IO).

Introduction. The IO: concept and differences with other international actors. The international subjectivity of the IO.

Lesson 2. Concept, characteristics and principles of PIL.

Concept and characteristics of the PIL as a legal system of the international society. Structural principles of the PIL.

Lesson 3. The process of formation of norms in PIL.

The sources of the PIL. Treaty concept. The celebration of treaties. The role of other sources and mechanisms of PIL.

Lesson 4. The process of applying the rules in PIL.

The reception, hierarchy and domestic application of the general IL, conventional and the normative acts of the IO.

Lesson 5. General aspects of the International Labor Organization (ILO) and its normative action.

Origin and characteristics of the ILO. Evolution of the ILO: special reference to the Philadelphia Declaration of 1944.

Lesson 6. Application and control of the ILO's regulatory framework.

The effects of international labor agreements. The review, suspension and denunciation of the conventions. The role of the ILO in the promotion of labor rights.

Lesson 7. The institutions and competences of the European Union (EU).

The process of European integration. The institutional system of the EU (Council, European Council, EP, Commission, Court of Justice, Court of Auditors).

Lesson 8. The law of the EU and its application.

The sources of the legal system of the EU: primary law, non-written law (custom and general principles), law resulting from the decisions of the EU institutions.

BLOCK II.

Lesson 9. The European construction and its social dimension.

Evolution of European social law since 1957. Community social policy after the reform of the Treaty of Amsterdam.

Lesson 10. Evolution of social objectives and their community legal instrumentation.

The European Social Agenda. The Charter of Fundamental Rights of the EU.

Lesson 11. The internal market. The free movement of workers. The right of establishment and the freedom to provide services.

The notion of a worker. Scope of application of free movement. The rights linked to the free movement of workers.

Lesson 12. Non-discrimination of gender and other discriminatory aspects in the field of the European Union.

Equal pay for men and women: scope of equality and remuneration notions. Equality in relation to access to employment.

Lesson 13. The health and safety of workers in the field of the European Union. Work time.

A) health and safety of workers; b) working time c) working conditions

Lesson 14. Temporary and part-time contracts within the European Union.

Non-discriminatory directives and prohibition of abuse within the European Union

Lesson 15.- Transmission of company

The contributions of the European Directive and Community case law in the field of the European Union.

Lesson 16. From the Lisbon Strategy to the 2020 Strategy.

The European employment strategy. Community guidelines and national employment plans. Economic, social and

Methodology

Directed activities:

- Master classes: taught by the teacher.
- Case study resolution: each teacher at the beginning of the course will explain their system.

Autonomous activities (case study preparation, recensions, and study): each teacher in the classroom (and virtual campus) will explain how to prepare autonomously the contents of the course.

Activities

Title	Hours	ECTS	Learning Outcomes
Type: Directed			
CASE STUDY RESOLUTION	22.5	0.9	2, 3, 14, 12, 6, 7, 11, 15, 16
MASTER CLASSES	22.5	0.9	1, 10, 5, 11
Type: Autonomous			
Case study preparation	40	1.6	13, 7, 15, 4
RECENSIONS	10	0.4	3, 10, 8, 15
STUDY	50	2	10, 6, 7, 15, 4

Assessment

EVALUATION

Assessment model: the evaluation is continued and aims to enable the teaching staff to determine the degree of

EVALUATION BLOCK I

The evaluable practical activities carried out throughout the course will account for 30% of the final grade. These

Continuous evaluation of content examinations: two examinations will be made related to the contents of the subject.

Re-evaluation of Block I

Only there is a reassessment of the examinations of contents and only students can present themselves if in the

EVALUATION BLOCK II

The practical activities that can be evaluated throughout the course will represent 50% of the final mark.

Continuous evaluation of contents of the program will be 50% of the final mark.

The final mark of the continuous evaluation will be obtained by calculating the average mark of the final exam (50%).

Re-evaluation of Block II

Only there is a reassessment of the contents examination and only those students who have obtained a score equal to or greater than 50% of the final mark.

FINAL NOTE OF THE SUBJECT

Each block must be approved separately to pass the subject. The final mark of the subject will be the average of the marks of the two blocks.

IMPORTANT NOTE (Block I and Block II):

Students who copy totally or partially practices, reviews, papers, exams, etc. will be qualified with a 0 (zero) final mark.

The simple possession in the examinations of a cell phone or any other electronic instrument is presumed that the student has used it.

Students who plagiarize practices, reviews, jobs, etc. will be qualified with a 0 (zero) final mark of the subject.
