Students must acquire autonomously (with occasional support from teachers) basic knowledge of certain software, such as text editors, video editors, audio editors (audacity), and network tools such as the Google environment (google docs, gmail ...) and hostings like youtube, vimeo or soundcloud.

Objectives and Contextualisation

To provide the theoretical and practical tools that make it possible to improve the processes of writing, use and continuous improvement of writing in the organizations in which we are immersed.

Know the characteristics of the different audiovisual formats of corporate communication, their uses and their relationship with audiences.

Know the tools and techniques of audiovisual narration and apply them in a creative and efficient way to the construction of messages and contents designed for any type of public and support.

Competences

- Adapt the communication generated by the organisation itself to the language of the traditional and digital Media.
- Devise, plan and execute communication projects about the organisation on all types of media and for both internal and external audiences.
- Manage time efficiently and plan for short-, medium- and long-term tasks.
- Search for, select and rank any type of source and document that is useful for creating messages.
- Students must be capable of communicating information, ideas, problems and solutions to both specialised and non-specialised audiences.
- Students must develop the necessary learning skills to undertake further training with a high degree of autonomy.
- Work in compliance with professional codes of conduct.

Learning Outcomes

1. Cross-check information to establish its veracity, using evaluation criteria.
2. Find what is substantial and relevant in documents within the subject.
3. Perform communicative activities in written, audio, audiovisual and digital formats.
4. Prepare audio and audiovisual documents to be sent to mainstream journalists or used in the organisation's own media.
5. Prepare press statements, packs, reports and other types of documents to be sent to mainstream journalists or used in the organisation's own media.
6. Produce audio and audiovisual documents for any type of medium, on issues affecting or introduced by organisations.
7. Recognise the complexity of freedom of expression and the limits to it when producing information documents for any type of medium.
8. Submit course assignments on time, showing the individual or group planning involved.
9. Work independently to solve problems and take strategic decisions on the basis of the knowledge acquired.

The calendar will be available on the first day of class. Students will find all information on the Virtual Campus: the description of the activities, teaching materials, and any necessary information for the proper follow-up of the subject. In case of a change of teaching modality for health reasons, teachers will make readjustments in the schedule and methodologies.

Methodology

The teaching methodology of the theoretical sessions is based on the expository method. These sessions use audiovisual resources as pedagogical support and work on the use of the question as a tool to promote the synthesis or the evaluation of central issues.

The guided practice sessions are aimed at guiding students in the processes of analysis of the techniques of writing and making organizational pieces. This task seeks the application of the contents worked in the exhibition sessions and the autonomous activities of reading and analysis of written texts and viewing of audiovisual materials.

The laboratory practice sessions will work on aspects related to audiovisual creation and production, paying specific attention to the use of languages and narratives in organizational audiovisual formats.

With the tutorials, as a supervised activity, a task of accompaniment and support of the students is done, individually or in small work teams, for the application of the knowledge acquired in the autonomous and directed activities.

The proposed teaching methodology and evaluation activities may undergo some modifications depending on the health authorities' attendance restrictions.

Assessment

THE EVALUATION ACTIVITIES ARE:

- Activity A, THEORETICAL TESTS (TT): 30% on the final grade
- Activity B, LABORATORY PRACTICES (LP): 40% on the final grade
- Activity C, COURSE WORK (CW): 20% on the final grade
- Activity D, INDIVIDUAL WORKS (IW): 10% on the final grade

In order to pass the course, there will be a minimum grade of 5 in activities A, B, C and D that will be obtained from calculating the weighted scores of each activity. In order to make this weighted calculation, the activities must have a minimum grade of 4.5. If any of the sections does not reach 4.5, the average will not be calculated and the subject will not be passed. However, students may reevaluate TT, CW, or IW.

The LPs cannot be re-evaluated since they are competences and skills acquired throughout the course that cannot be assessed in a re-evaluation test.

Recovery:

Students who have participated in the continuous assessment and who do not pass the AP, the IT or the TC, may recovery as long as they have obtained a minimum grade of 3.5 points in the activity they have failed. APs are re-evaluated with a new TT. The CW and IW will be re-evaluated by repeating the failed tests.

In the case of a second enrolment, students can do a single synthesis exam/assignment. The grading of the subject will correspond to the grade of the synthesis exam/assignment.

Plagiarism:

The student who makes any irregularity (copying, plagiarism, identity theft ...) that may lead to a significant variation in the grade of an assessment act, will be rated 0 this assessment act. In the event of several irregularities, the final grade for the course will be 0.

The teaching methodology and the proposed evaluation may undergo some modification depending on the restrictions on attendance that the health authorities impose.

Assessment Activities

| Title | Weighting | Hours | ECTS | Learning Outcomes |
|---------------------------|-----------|-------|------|------------------------|
| Course work (CW) | 20% | 20 | 0.8 | 1, 4, 5, 8, 3, 7, 6, 9 |
| Individual works (IW) | 10% | 15 | 0.6 | 1, 4, 5, 8, 3, 7, 6, 9 |
| Laboratory practices (LP) | 40% | 40 | 1.6 | 4, 5, 8, 3, 7, 6 |
