- Ethical and political aspects of working in / with institutions
- Ethics and politics in the public space

## Methodology

### Autonomous activities

Systematic reading of bibliographic material.

Analysis of and reflection on the recommended readings

Development of a personal reflection

### Directed activities

Presentation of the different contents

Presentation and analysis of the different proposals and readings for each session

Oral presentation of a topic previously agreed and worked on

Discussion and participation in the group-class

### Supervised activities

Individual tutorials to prepare the oral presentation.

Tutorials for making the final reflection.

## Activities

Title	Hours	ECTS	Learning Outcomes
Type: Directed			
Oral presentation of a topic previously agreed and worked on Discussion and participation in the group-class	40	1.6	1, 3
Presentation of the different contents Presentation and analysis of the different proposals and readings for each session	20	0.8	1, 2, 4
Type: Supervised			
Individual tutorials to prepare the oral presentation.	14	0.56	1, 2, 3, 4

Tutorials for making the final reflection.	20	0.8	1, 2, 3
Type: Autonomous			
Sistematic reading of bibliographic material. Analysis of and reflection on the recommended readings. develop of a personal reflection	90	3.6	2

## Assessment

EV1. Oral presentation on ethics in intervention and/or research.

EV2. Work of reflection on the ethical and political aspects of the research work and/or intervention.

EV3. Report on the application of the module to the TFM process, corrected by the student's tutor in accordance

### Grading criteria
