To take this subject, it is recommended to have passed the compulsory subjects in the area, the EP Degree and / or the EI Degree: "Music and visual education", EP2; "Music, visual and learning education", EP3; "Visual Arts Education I", EI3 i "Education of the Visual Arts II", EI3.

This subject is part of the mention of PERFORMATIVE ARTS EDUCATION.

Objectives and Contextualisation

Currently, the school as an institution is being transformed according to the social and cultural changes and emerge further discussions on the role of knowledge, identity construction and visibility in training children. In this context of change and once reached the skills related to the practice of art and artistic languages, students should be able to reflect and intervene as educators in accordance with the opportunities and challenges facing the school, from the perspective of innovation through art and visual culture.

This course provides students with the foundation for innovation in teaching visual arts and its application in the classroom, understanding that changes in art education do not arise from an individual initiative but collaboration among multiple stakeholders in practice (children, educators, artists and cultural workers, mainly). Therefore, the subject is closely linked to the practicum fourth course, and be able to guide the student in planning and educational intervention in this context of change.

Ultimately, in this subject are raised as main objectives:

- . research artistic education projects that are currently being carried out n
- . design interdisciplinary and inclusive projects to educate in the arts and
- . know institutions and professionals linked to artistic education.
