Methodology

Teaching will be offered on campus or in an on-campus and remote hybrid format depending on the number of students.

The teaching methodology is based on the activity of the student with the aim of acquiring the necessary capacities. The development of the teaching of the subject and the training of the student will be based on the following activities:

1. Directed activities.

Master classes in which the teacher provides the basic concepts of the subject.
Practical classes where students analyze and solve together with the teacher.

2. Supervised activities.

These are activities that students will develop with the supervision and support of the teacher.

3. Autonomous activities.

The student must organize the time and effort autonomously, either indiv

The proposed teaching methodology may undergo some modifications according to the restrictions imposed byth

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.

Activities

Title	Hours	ECTS	Learning Outcomes
Type: Directed			
Resolution of case studies and oral presentation	17	0.68
