Assessment

The use of electronic devices (mobile phones, laptops and others) in class is not allowed! Notes are made on paper. It is obligatory to bring the texts (just read) to class every day when their reading is the subject of the class according to the updated schedule.

Active participation in class is required. If physical presence is not possible, the student has the responsibility to independently procure the material that the teacher has presented in class and has the obligation to demonstrate with written assignments and under the supervision and control of the teacher that he/she has worked the matter in question autonomously. Absence in class of more than 20% of the classes (or of more than 20% of the written works on the classes with absence) must be compensated with an extra work on a subject of history or literature German of an extension of about 5 pages. With an absence of more than 40% of the classes (or the respective assignments) the conditions for an evaluation of the student are no longer given and the mark will be "non-evaluable".

Each part of the evaluation must be passed with a minimum grade of 5 (out of 10). As this minimum requirement is not met, the test must be repeated in the recovery weeks. The tests are done on the date indicated or in the weeks of recovery.

On carrying out each assessment activity, lecturers will inform students (on Moodle) of the procedures to be followed for reviewing all grades awarded, and the date on which such a review will take place.

Presentations must be done on the day foreseen in the updated programme (it is constantly updated!), presentations cannot be presented outside the historical or cultural context. If the presentation is not presented on the scheduled day, this part of the evaluation must be retrieved by means of a 15-page text on the same subject in the weeks of retrieval.

All parts of the evaluation must be done, delivered and approved.

To be entitled to recovery, it is necessary to have an average grade of 3.5 and, in addition, it is necessary to have passed with a minimum grade of 5 (out of 10) 60% of the evaluation activities. If the percentage of the suspended parts exceeds 40%, the subject is suspended. In the recovery, also, each of the assessment parts must be passed with a minimum grade of 5 (out of 10), otherwise the subject is suspended.

The class languages are Spanish and Catalan.

The languages of the exhibitions are Spanish, Catalan and English.

The languages of the written works can be: German, Catalan, Spanish, English, French, Italian.
