Since students enrolled in the internship will have obtained credits in basic training and mandatory second and third year subjects, it is expected that they will express themselves correctly both orally and in writing.

The course requires a level of English C2 (Proficiency) (*Common European Framework of Reference for Languages: Learning, Teaching, Assessment*).

Content

The regulatory framework for internships includes two different modes:

1. An internship signed by an external collaborating partner and UAB. The UAB will sign as many specific agreements as there are students enrolled in this mode.
2. Internships within the ambit of the UAB, related to research projects within the departments offering the relevant degree programme. In this case, the internship will be established by signing a work experience agreement with the UAB, which specifies conditions, according to an official model.

In both cases it is required that the student takes out an insurance policy covering civil responsibility and liability, given that the standard student insurance is insufficient. In order to validate this complementary policy contracted by the UAB, the student must pay a fee at the time of enrollment (estimated price: €6).

In the same way, the results of learning will vary depending on the specific skills acquired during the practicum.

In the event that directed and supervised activities cannot be carried out onsite, they may be adapted to an online format.

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.

Assessment

Learning outcomes assessed in the final report may vary depending on the professional skills required by the company / institution / centre that offers the internship.

At the end of the internship the following reports will be presented to the academic tutor in the relevant field of study:

1. The tutor in the collaborating institution will issue a final report, showing the number of hours completed, with relation to the generic and specific competences which appear in the training project, within a maximum period of 15 days, following the model established
2. Students will prepare a final report with an assessment of tasks completed and their relation to knowledge and skills acquired in their university studies. The student must hand in this report as a prerequisite for the final evaluation.

As part of the training activities (Training for workplace insertion) in the assessment for the *Pràctiques Externes/Prácticas Externas*, students must fulfil these two requirements:

- have attended at least one 1 of the group professional orientation courses organised by the Servei d'Ocupabilitat and show proof of attendance by adjoining the certificate to the Memòria de Pràctiques.
- have taken the questionnaire *Professional Competences Test* offered by the Servei d'Ocupabilitat de la UAB. The result of the test can be downloaded and attached to the Memòria de Pràctiques.

Dates for delivery of this report are: 17/02/2023 for first semester internships, 30/06/2023 for second semester internships.

The academic tutor in the relevant field of study will evaluate the internship.

NOTE:

- Students who complete less than 10% of contact hours with the collaborating institution will be marked as "No avaluable".
- Students who complete more than 10% but fail to complete the hours specified in the agreement, or are evaluated negatively, will be marked as "Suspès" (Fail).
- Given that external placements are assessed in distinct ways, in addition to the fact that this mark is only optionally graded, the final overall grade of *Excellent with Distinction* is not available".
- Internships cannot be re-evaluated.

In the event of a student committing any irregularity that may lead to a significant variation in the grade awarded to an assessment activity, the student will be given a zero for this activity, regardless of any disciplinary process that may take place. In the event of several irregularities in assessment activities of the same subject, the student will be given a zero as the final grade for this subject.
