

## Cultural Journalism

Code: 103091  
ECTS Credits: 6

Degree	Type	Year	Semester
2501933 Journalism	OT	3	2
2501933 Journalism	OT	4	2

### Contact

Name: Antoni Vall Karsunke  
Email: antoni.vall@uab.cat

### Use of Languages

Principal working language: catalan (cat)  
Some groups entirely in English: No  
Some groups entirely in Catalan: Yes  
Some groups entirely in Spanish: No

### Prerequisites

To study this subject you have to know and distinguish the great genres of journalistic writing. There must also be  
The student must be interested in the knowledge of the main cultural cur

### Objectives and Contextualisation

- To provoke curiosity in the student about the ways in which journalism has been linked to the emergence and e:
  - Propose a plausible definition of the terms 'journalism' and 'culture' - an
  - Train the student to acquire and develop the theoretical foundations, tex
  - To provide the student with knowledge and critical capacity on the main
  - Describe and analyze the place occupied by specialized communication
  - Master the conventions of the main genres of cultural journalism: chron
  - Know the main offers of contemporary cultural journalism in its various i
  - Prepare the student to critically evaluate the different artistic and cultura

### Competences

- Journalism
  - Abide by ethics and the canons of journalism, as well as the regulatory framework governing information.
  - Act with ethical responsibility and respect for fundamental rights and duties, diversity and democratic values.
  - Be familiar with and apply the theoretical and practical foundations of journalistic writing and narrative and its applications in the different genres, media and formats.
  - Demonstrate a critical and self-critical capacity.
  - Differentiate the discipline's main theories, its fields, conceptual developments, theoretical frameworks and approaches that underpin knowledge of the subject and its different areas and sub-areas, and acquire systematic knowledge of the media's structure.

- Identify modern journalistic traditions in Catalonia, Spain and worldwide and their specific forms of expression, as well as their historic development and the theories and concepts that study them.
- Introduce changes in the methods and processes of the field of knowledge to provide innovative responses to the needs and demands of society.
- Relay journalistic information in the language characteristic of each communication medium, in its combined modern forms or on digital media, and apply the genres and different journalistic procedures.
- Research, select and arrange in hierarchical order any kind of source and useful document to develop communication products.
- Students can apply the knowledge to their own work or vocation in a professional manner and have the powers generally demonstrated by preparing and defending arguments and solving problems within their area of study.
- Students must be capable of collecting and interpreting relevant data (usually within their area of study) in order to make statements that reflect social, scientific or ethical relevant issues.
- Students must be capable of communicating information, ideas, problems and solutions to both specialised and non-specialised audiences.
- Students must develop the necessary learning skills in order to undertake further training with a high degree of autonomy.
- Take sex- or gender-based inequalities into consideration when operating within one's own area of knowledge.
- Use a third language as a working language and means of professional expression in the media.
- Value diversity and multiculturalism as a foundation for teamwork.

## Learning Outcomes

1. Analyse the sex- or gender-based inequalities and the gender biases present in one's own area of knowledge.
2. Communicate using language that is not sexist or discriminatory.
3. Compare the different traditions in handling specialised information.
4. Conceptualise the theories and techniques of specialised journalism.
5. Consider how gender stereotypes and roles impinge on the exercise of the profession.
6. Critically analyse the principles, values and procedures that govern the exercise of the profession.
7. Demonstrate a critical and self-critical capacity.
8. Demonstrate practical knowledge of specialised journalism.
9. Distinguish theories of journalistic writing and narrative to apply them to the different theme-based information specialisms.
10. Explain the explicit or implicit code of practice of one's own area of knowledge.
11. Identify situations in which a change or improvement is needed.
12. Incorporate the principles of professional ethics in developing narrative journalism specialised in cultural information and critique.
13. Incorporate the principles of professional ethics in developing narrative journalism specialised in reporting on various events and everyday life.
14. Know how to build texts in a third language that adapt to the structures of journalistic language and apply them to the different theme-based information specialisms.
15. Propose projects and actions that incorporate the gender perspective.
16. Relay in the language specific to each communication medium narrative journalism specialised in cultural information and critique.
17. Relay in the language specific to each communication medium narrative journalism specialised in reporting on various events and everyday life.
18. Research, select and arrange in hierarchical order any kind of source and useful document to develop communication products.
19. Students can apply the knowledge to their own work or vocation in a professional manner and have the powers generally demonstrated by preparing and defending arguments and solving problems within their area of study.
20. Students must be capable of collecting and interpreting relevant data (usually within their area of study) in order to make statements that reflect social, scientific or ethical relevant issues.
21. Students must be capable of communicating information, ideas, problems and solutions to both specialised and non-specialised audiences.

22. Students must develop the necessary learning skills in order to undertake further training with a high degree of autonomy.
23. Use interactive communication resources to process, produce and relay information in the production of specialised information.
24. Value diversity and multiculturalism as a foundation for teamwork.
25. Weigh up the impact of any long- or short-term difficulty, harm or discrimination that could be caused to certain persons or groups by the actions or projects.

## Content

1. From the transformation of the journalistic paradigm to an afterpop culture.

The complexity of journalistic knowledge: a paradigm crisis. Journalism as

2. Journalistic writing and cultural information.

The genres of discourse: a contemporary and non-normative perspective

3. Contemporary culture and cultural journalism.

Introduction to contemporary culture and pop art. Two moments of transf
