The regulatory framework for internships includes two different modes:

- Internships within the ambit of the UAB, related to research projects within the departments offering the relevant degree programme. In this case, the internship will be established by signing a work experience agreement with the UAB, which specifies conditions, according to an official model.

In both cases it is required that the student takes out an insurance policy covering civil responsibility and liability, given that the standard student insurance is insufficient. Learning outcomes assessed in the final report may vary depending on the professional skills required by the company / institution / centre that offers the internship.

At the end of the internship the following reports will be presented to the academic tutor in the relevant field of study:

- The tutor in the collaborating institution will issue a final report, showing the number of hours completed, with relation to the generic and specific competences which appear in the training project, within a maximum period of 15 days, following the model established.
- Students will prepare a final report with an assessment of tasks completed and their relation to knowledge and skills acquired in their university studies. The student must hand in this report as a prerequisite for the final evaluation. Dates for delivery of this report are: 17/02/2023 for first semester internships, 30/06/2023 for second semester internships.
- The academic tutor in the relevant field of study will evaluate the internship and fill in the relevant evaluation report.

NOTE:

- Students who complete less than 10% of contact hours with the collaborating institution will be marked as "No evaluable".

- Students who complete more than 10% but fail to complete the hours specified in the agreement, or are evaluated negatively, will be marked as "Suspès" (Fail).
- Given that external placements are assessed in distinct ways, in addition to the fact that this mark is only optionally given, the final overall grade of Excellent with Distinction is not available.
- Internships cannot be re-evaluated.

As part of the training for workplace insertion, in the assessment for the Pràctiques Externes/Prácticas Externas, students must fulfil these two requirements:

1. have attended at least one 1 of the group professional orientation courses organised by the Servei d'Ocupabilitat and show proof of attendance by adjoining the certificate to the Student's Final Report.
2. have taken the questionnaire Professional Competences Test offered by the Servei d'Ocupabilitat de la UAB. The result of the test can be downloaded and attached to the Student's Final Report.

In the event of a student committing any irregularity that may lead to a significant variation in the grade awarded to an assessment activity, the student will be given a zero for this activity, regardless of any disciplinary process that may take place. In the event of several irregularities in assessment activities of the same subject, the student will be given a zero as the final grade for this subject.
