Teachers

Èrika Domínguez Antillano

Prerequisites

No one

Objectives and Contextualisation

Knowing and approaching the reality of cultural management in Catalonia.

Build a vision of cultural management as an instrument for transformation

Acquire knowledge about the design, implementation and evaluation of a

Incorporate and apply from a critical and reflective perspective elements

Competences

- Apply management strategies related to the programming, production and dissemination of musical events.
- Relate concepts and information from different humanistic, scientific and social disciplines, especially the interactions which are established between music and philosophy, history, art, literature and anthropology.

- Students must be capable of collecting and interpreting relevant data (usually within their area of study) in order to make statements that reflect social, scientific or ethical relevant issues.
- Students must be capable of communicating information, ideas, problems and solutions to both specialised and non-specialised audiences.
- Students must develop the necessary learning skills to undertake further training with a high degree of autonomy.
- Take part in joint, interdisciplinary projects.

Learning Outcomes

1. Carrying out a planning for the development of a subject-related work.
2. Develop habits for transfer to the ambit of musical dissemination and information the musical training acquired.
3. Integrate knowledge of the role of music in the market society in musical praxis.
4. Interpreting today's main events from physical, economic, social and cultural diversity.
5. Interrelate methodological concepts and innovations of music and of humanities with the set of humanistic disciplines in activities of musical and cultural management.
6. Participate in group cultural management projects.
7. Solving problems autonomously.
8. Take an active role in projects specific to work placements and in other research or management initiatives.

Content

PRESENTATION

This material is based on the conviction that cultural management is an integral part of the organization.

SUBJECT

BLOCK 1: Contextualization of cultural management in a context of complex reality
Contextualization of cultural management: origin and current affairs.

Approach to the organization.

Approach to management

Cultural management in a multicultural context.

Cultural management at the service of social transformation.
