Methodology

The subject is organized by alternating master classes (where students work with methodological questions and theoretical knowledge) with practical classes (which analyze various exemplary stylistic solutions throughout the historical evolution of the cinematographic art) .

The students develop a series of tasks, group and individual. The products are periodically reviewed by the teacher.

The proposed teaching methodology and evaluation activities may undergo some modifications depending on the health authorities' attendance restrictions.

The calendar will be available on the first day of class. Students will find all information on the Virtual Campus / Teams: the description of the activities, teaching materials, and any necessary information for the proper

follow-up of the subject. In case of a change of teaching modality for health reasons, teachers will make readjustments in the schedule and methodologies.

This subject does not provide the single assessment system.

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.
