Methodology

Lectures are planned to be exploratives, manipulatives and theoreticals. Individual and group autonomy work will be required.

This subject includes theoretical sessions and seminar sessions.

Formative Activities

Due to the exceptional situation caused by COVID19 pandemic, the planning and organization of formative activities can vary. They may be directed, supervised and autonomous.

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.

Activities

Title	Hours	ECTS	Learning Outcomes
Type: Directed			
Seminar	19.5	0.78	
theoretical classes	19.5	0.78	
Type: Supervised			
evaluation activities	5	0.2	
Type: Autonomous			
Individual work	53	2.12	
Team works	53	2.12	

Assessment

Single evaluation:

The single evaluation will consist of an examination of the contents of both parts of the course (50%) and individual work for each part (25% each). The Assignments that will be done on the same date as the exam.

Evaluation should bring the necessary information to guide the educational process. On the other hand, it should show the conditions to accredit this subject.

Evaluation is planned to promote self reflection about the learning process; coevaluation will be used to value and evaluate the work of partners.

It is essential to attend 80% of the sessions, which include both large group classes and seminars to pass

The correct use of catalan language will be required to pass the subject.

Evaluation will be realized along the semester by these activities. The teacher will give them feedback before 21 days. If any student wants to revise the activities or its evaluation, she should ask for it during the 10 days after its publication.

Passing all the activities is required to pass the subject.

In the event that tests or exams cannot be taken onsite, they will be adapted to an online format made available through the UAB's virtual tools (the original weighing will be maintained). Homework, activities and class participation will be carried out through forums, wikis and/or discussion on Teams, etc. Instructors will ensure that students are able to access these virtual tools, or will offer them feasible alternatives.

In the event of a student committing any irregularity that may lead to a significant variation in the grade awarded to an assessment activity, the student will be given a zero for this activity, regardless of any disciplinary process that may take place. In the event of several irregularities in assessment activities, the student will receive a zero as the final grade for the class.
