Methodology

Training activities are divided into directed, supervised, autonomous and assessment activities.

Directed activities (90 hours): explanations of each unit's most important content, written and oral comprehension exercises, writing and oral expression exercises, practice of grammar points and new vocabulary, sight translation, dictation, review of previous content, clarifying general doubts, etc. Approximately 15 hours will be spent on each teaching unit. Classroom activities will be varied and of different types (oral and written, individual and group).

Supervised activities (50 hours): writing and oral expression and comprehension exercises.

Autonomous activities (around 150 hours): writing of characters, study of characters and vocabulary, preparation and revision of texts and new grammar points, exercises and self-assessment thereof (via the teaching web).

It is important that students attend class regularly, and essential that they consistently study new content in advance, carry out exercises and review previous content. It is assumed that they will do so in order to keep up with the pace of the subject.

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.

Assessment

Continuous assessment

Students must provide evidence of their progress by completing various tasks and tests. These activities are detailed in the table at the end of this section of the Study Guide.

Review

When publishing final marks prior to recording them on students' transcripts, the lecturer will provide written notification of a date and time for reviewing assessment activities. Students must arrange reviews in agreement with the lecturer.

Missed/failed assessment activities

Students may retake assessment activities they have failed or compensate for any they have missed, provided that those they have actually performed account for a minimum of 66.6% (two thirds) of the subject's final mark and that they have a weighted average mark of at least 3.5.

The lecturer will inform students of the procedure involved, in writing, when publishing final marks prior to recording them on transcripts. The lecturer may set one assignment per failed or missed assessment activity or a single assignment to cover a number of such activities. Under no circumstances may an assessment activity worth 100% of the final mark be retaken or compensated for. In case of retaking, maximum grade will be 5 (Pass).

Classification as "not assessable"

In the event of the assessment activities a student has performed accounting for just 25% or less of the subject's final mark, their work will be classified as "not assessable" on their transcript.

Misconduct in assessment activities

Students who engage in misconduct (plagiarism, copying, personation, etc.) in an assessment activity will receive a mark of "0" for the activity in question. In the case of misconduct in more than one assessment activity, the student involved will be given a final mark of "0" for the subject. Assessment activities in which irregularities have occurred (e.g. plagiarism, copying, impersonation) are excluded from recovery.

Single assessment

This subject may be assessed under the single assessment system in accordance with the terms established in the academic regulations of the UAB and the assessment criteria of the Faculty of Translation and Interpreting.

Students must make an online request within the period established by the faculty and send a copy to the teacher responsible for the subject, for the record.

Single assessment will be carried out in person on one day during week 16 or 17 of the semester. The Academic Management Office will publish the exact date and time on the faculty website.

On the day of the single assessment, teaching staff will ask the student for identification, which should be presented as a valid identification document with a recent photograph (student card, DNI/NIE or passport).

Single assessment activities

Single assessment will include a minimum of three assessment activities of different typology, as stated in the evaluation guidelines.

Grade revision and resit procedures for the subject are the same as those for continual assessment. See the section above in this study guide.
