Teaching groups languages

You can check it through this [link](#). To consult the language you will need to enter the CODE of the subject. Please note that this information is provisional until 30 November 2023.

Prerequisites

Students are expected to have a level of English equivalent to a C2 of the *Common European Framework of Reference for Languages* (CEFR), meaning they should be able to understand complex texts and recognize implicit meaning. They are also expected to be able to express themselves fluently and to use English adequately in diverse social, academic and professional situations.

INFORMATION FOR INTERNATIONAL STUDENTS

This subject is NOT available to international students.

Objectives and Contextualisation

Students will be faced with a variety of texts in order to ensure that different lexical areas and grammatical problems are covered. Differences in genres and audiences will also be covered. To this aim, we will analyze several genres that can range from literary translation to audiovisual or technical translation. Classroom methodology will be based on individual and group work and special attention will be placed on the analysis of texts in order to identify problematic areas.

Competences

English Studies

- Apply scientific ethical principles to information processing.
- Apply the concepts, resources and methods acquired to the study of the English language in a global and multilingual social context of language learning and teaching.
- Demonstrate skills to work autonomously and in teams to fulfil the planned objectives.
- Distinguish and contrast the distinct paradigms and methodologies applied to the study of English.
- Understand and produce written and spoken academic texts in English at advanced higher-proficient-user level (C2).
- Use digital tools and specific documentary sources for the collection and organisation of information.
- Use written and spoken English for academic and professional purposes, related to the study of linguistics, the philosophy of language, history, English culture and literature.

English and Catalan Studies

- Demonstrate knowledge of the rules of Catalan and mastery of its foundations and applications in the academic and professional fields.
- Understand and produce oral and written academic texts with appropriateness and fluency in distinct communicative contexts.
- Use digital tools and specific documentary sources to gather and organise information.

English and Spanish Studies

- Demonstrate the ability to work autonomously and in teams in order to achieve the planned objectives in multicultural and interdisciplinary contexts.
- Students must be capable of communicating information, ideas, problems and solutions to both specialised and non-specialised audiences.
- Understand and produce oral and written academic texts with appropriateness and fluency in distinct communicative contexts.
- Use digital tools and specific documentary sources to gather and organise information.

Learning Outcomes

1. Apply the concepts and methods acquired to the analysis and production of oral and written texts automatically (NLP) and/or in a judicial context.
2. Apply the concepts and methods acquired to the detection of needs specific to each discipline, and to the relevant curricular design.
3. Apply the concepts and methods acquired to the translation of texts of different types and in different formats.
4. Express oneself effectively orally and in writing, in an appropriate manner in each professional field.
5. Express oneself orally and in writing in English in a professional register and using appropriate terminology in relation to translation, English for specific purposes and linguistic applications.
6. Identify and understand the different methodologies appropriate to the fields of translation, English for specific purposes and language applications.
7. Identify and understand the different theories on translation, English for specific purposes and language applications.
8. Incorporate ideas and concepts from published sources into work, citing and referencing appropriately.
9. Locate specialised and academic information and select this according to its relevance.
10. Plan work effectively, individually or in groups, in order to fulfil the planned objectives.
11. Produce normatively correct written and oral texts.
12. Produce written and oral academic texts at higher-proficient-user level (C2) on the concepts and skills relevant to the study of translation, English for specific purposes and language applications.
13. Understand specialised academic texts (C2) on research in translation, English for specific purposes and language applications.
14. Understand specialised academic texts on research in translation, English for specific purposes and language applications.

Content

UNIT 1. Introduction to translation

UNIT 2. The translation of specific registers

UNIT 3. The translation of specific linguistic aspects

UNIT 4. The translation of cultural concepts

In this subject, gender perspective will be taken into account in the following aspects:

1. Including the translation of gender as one of the topics dealt with.
2. Making students aware of the sexist uses of language, and provide non-sexist alternatives.
3. Not allowing a sexist use of language in the students' oral and written contributions.
4. Guaranteeing in the classroom an atmosphere respectful with the diversity and plurality of ideas, people and politics.
5. Avoiding gender stereotypes in examples.
6. Writing, in the references, the full names of authors, instead of only the initial.

Methodology

The teaching methodology is based on:

- Directed (33% - 2 cr)
- Supervised (17% - 1 cr)
- Autonomous (33% - 2 cr)
- Assessment (17% - 1 cr)

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.

Activities

Title	Hours	ECTS	Learning Outcomes
Type: Directed			
Practical classes	20	0.8	1, 2, 3, 4, 5, 12, 11
Theoretical classes	30	1.2	6, 7, 9
Type: Supervised			
Translation activities	25	1	1, 2, 3, 9, 12, 11
Type: Autonomous			
Oral presentation (preparation)	20	0.8	14, 4, 5, 9, 10, 12, 11
Readings	30	1.2	13, 14, 6, 7, 9, 10

Assessment

The final grade will be calculated as follows:

- Problem-based assignment 1: 15%
- Problem-based assignment 2: 15%
- Problem-based assignment 3: 15%
- Problem-based assignment 4: 15%
- Oral presentation: 25%
- Homework, in-class activities and progression: 15%

Problem-based assignments will be submitted every 4 weeks approximately. The oral presentations will take place throughout the semester, starting week 4 or 5, and homework and in-class activities will also be programmed during the whole semester. Exact dates for all evaluation activities will be confirmed at the start of the course through a course calendar published on the class Moodle.

Important issues

1. The problem-based assignments and the oral presentation are **COMPULSORY**, together with 70% of the homework and in-class activities.
2. The minimum grade required to form average is 4.
3. The handing in of 30% of items excludes the possibility of obtaining a *No available* as a final grade of the course.
4. The level of English will be taken into account when correcting exams and in the final assessment.
5. In the event of a student committing any irregularity that may lead to a significant variation in the grade awarded to an assessment activity, the student will be given a zero for this activity, regardless of any disciplinary process that may take place. In the event of several irregularities in assessment activities of the same subject, the student will be given a zero as the final grade for this subject.

NOTA BENE: Irregularities refer, for instance, to cheating in an exam, copying from sources without indicating authorship, or a misuse of AI such as presenting work as original that has been generated by an AI tool or programme.

Procedure for Reviewing Grades Awarded

On carrying out each evaluation activity, lecturers will inform students (on Moodle) of the procedures to be followed for reviewing all grades awarded, and the date on which such a review will take place.

Reassessment

Reassessment for this subject requires a content-synthesis test, for which the following conditions are applicable:

- The student must previously have obtained an average overall grade equal to or higher than 3.5.
- The student must previously have passed 60% of the subject's assessment requirements.
- The maximum grade than can be obtained through re-assessment is 6.

Evaluation Activities Excluded from Reassessment

The following activities are not eligible for reassessment:

- Homework and in-class activities
- Oral presentation
- Activities in which there has been some irregularity

IMPORTANT: This subject does not incorporate the single-assessment option.

Assessment Activities

Title	Weighting	Hours	ECTS	Learning Outcomes
Homework, in-class activities and progression	15%	3	0.12	3, 13, 14, 4, 5, 8, 9, 10, 12, 11
Oral presentation	25%	6	0.24	13, 14, 4, 5, 6, 7, 8, 9, 10, 11
Problem-based assignment 1	15%	4	0.16	1, 2, 3, 4, 5, 6, 7, 10, 12, 11
Problem-based assignment 2	15%	4	0.16	1, 2, 3, 4, 5, 6, 7, 10, 12, 11
Problem-based assignment 3	15%	4	0.16	1, 2, 3, 4, 5, 7, 9, 10, 12, 11
Problem-based assignment 4	15%	4	0.16	1, 2, 3, 4, 5, 6, 7, 10, 12, 11
