Teaching groups languages

You can check it through this [link](#). To consult the language you will need to enter the CODE of the subject. Please note that this information is provisional until 30 November 2023.

Prerequisites

There is none

Objectives and Contextualisation

With this subject it is aimed to strengthen and to improve the oral and written mastery of French. It is the follow-up of Llengua francesa II.

Competences

French Philology and Culture

- Act with ethical responsibility and respect for fundamental rights and duties, diversity and democratic values.
- Apply ethical scientific principles in information processing.
- Carry out effective written work and oral presentations adapted to the appropriate register in different languages.
- Develop habits which facilitate teamwork with the aim of attaining the planned objectives.
- Students must be capable of communicating information, ideas, problems and solutions to both specialised and non-specialised audiences.
- Students must develop the necessary learning skills in order to undertake further training with a high degree of autonomy.

- Students must have and understand knowledge of an area of study built on the basis of general secondary education, and while it relies on some advanced textbooks it also includes some aspects coming from the forefront of its field of study.
- Understand and produce oral and written academic texts with appropriateness and fluency in distinct communicative contexts.

English and French Studies

- Act with ethical responsibility and respect for fundamental rights and duties, diversity and democratic values.
- Carry out effective written work or oral presentations adapted to the appropriate register in different languages.
- Students must be capable of communicating information, ideas, problems and solutions to both specialised and non-specialised audiences.
- Students must develop the necessary learning skills in order to undertake further training with a high degree of autonomy.
- Students must have and understand knowledge of an area of study built on the basis of general secondary education, and while it relies on some advanced textbooks it also includes some aspects coming from the forefront of its field of study.
- Understand and produce oral and written academic texts with appropriateness and fluency in distinct communicative contexts.
