The comprehensive evaluation must be requested at the Academic Management (coordination equip). The request must be filed according to the procedure and the deadline established by the administrative calendar of the FUAB (the coordination equip will inform at the begin of the course about the deadline established).

The comprehensive evaluation consists of an exam on the content of the entire course, theoretical and practical, which will account for 100% of the final grade. The exam has a duration of four hours. This activity will be carried out in person.

Student attendance is mandatory on the day of the comprehensive assessment. The date will be the same as that of the final exam of the semester as per the evaluation calendar published by the coordination Committee.

For the retake procedure, no distinction is made between students who have followed the continuous evaluation and those who have opted for the comprehensive evaluation. All will be re-assessed using the same test or evaluation evidence.

The review of the final qualification will follow the same procedure as for the continuous evaluation.
