## Activities and Methodology

Title	Hours	ECTS	Learning Outcomes
Type: Directed			
Lectures	36	1.44	3, 8
Study and preparation for the exams	30	1.2	4, 6, 8
Type: Supervised			
Group presentations	10	0.4	4, 5, 7, 3, 2, 8
Type: Autonomous			
Compulsory reading	20	0.8	4, 1, 6, 8
Preparation of topics and texts. Bibliographical research	36	1.44	4, 5, 8

Lessons combine theoretical lectures with reading and comments about particularly significant texts. The lecturer will make available to students notes on the main topics of the course and texts by the most representative authors (Virtual Campus). The student must prepare the daily topic. The lecturer's explanation of the subject presupposes this preparation.

In addition, the student will have to read (compulsory) one of the following texts and write an essay:

Parmenides, *Poem* & Heraclitus, *Fragments*

Epicurus, *Letter to Monoceus* and *Capital Maxims*.

Peter Abelard - Heloise, *Letters*

We will use the Virtual Campus basically to share the materials. On the other hand, if the student wishes to contact the lecturer, he or she must send a personal email (not by a Virtual Campus message).

The tutorials will be basically dedicated to prepare the essay and the compulsory readings, and to solve any doubt.

The teaching methodology and the evaluation proposed in the guide may undergo some modification subject to the onsite teaching restrictions imposed by health authorities.

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.

## Assessment

## Continuous Assessment Activities

Title	Weighting	Hours	ECTS	Learning Outcomes
Essay on one of the compulsory reading	20	13.5	0.54	4, 5, 7, 1
Exam 1	30	1.5	0.06	4, 3, 6, 8
Exam 2	30	1.5	0.06	4, 5, 3, 8
Group presentations (with abstract)	20	1.5	0.06	4, 7, 3, 2, 8

The assessment is continued and requires the constant follow-up of the course. To pass the course is required: a) to achieve a mark of 4, at least, in each exam; b) to achieve a mark of 5 in average, at least, in the set of all the activities. If a student does not fulfil these two conditions, he or she must be submitted to a reevaluation exam. The essays will not have a reevaluation. The reevaluation is not possible without having done previously the ordinary exam.

The reassessment exam format will be similar to the ordinary exams format and will have two parts: one for the topics of each partial exam. The student will only have to do the failed part(s).

The student whose evaluation activities have not reached the 30% of the activities will be assessed as "Non-evaluable".

After the reevaluations, there is not a second round.

The lecturer will assign a day, hour and place to review the exams after having evaluated the activities of the course. Students who have to do the reassessment will have a specific day of review when they will have done the aforementioned reevaluation exam.

In the event of a student committing any irregularity that may lead to a significant variation in the grade awarded to an assessment activity, the student will be given a zero for this activity, regardless of any disciplinary process that may take place. In the event of several irregularities in assessment activities of the same subject, the student will be given a zero as the final grade for this subject.

In the event that tests or exams cannot be taken onsite, they will be adapted to an online format made available through the UAB's virtual tools (original weighting will be maintained). Homework, activities and class participation will be carried out through forums, wikis and/or discussion on Teams, etc. Lecturers will ensure that students are able to access these virtual tools, or will offer them feasible alternatives.

### Comments

1. The essay (of one of the compulsory readings) must have 5,000 words maximum and will consist of the following parts:

Introduction

1. Context

2. Work

3. Critical commentary

4. Bibliography

2. The oral presentations (Cf. Contents \*) will last 20'.

Unique assessment

The single assessment will be organized based on three tests that will take place during the same week. The evidence for each test is as follows:

A work equivalent to that developed by the continuous assessment on a mandatory reading 40%

A comment on a text presented in class 30%

An individual oral presentation 30%

recovery

To take part in the recovery, the student must have previously been assessed in a set of activities whose weight is equivalent to a minimum of 2/3 parts of the total qualification (CONTINUOUS ASSESSMENT) or hand in all the scheduled tests

(SINGLE EVALUATION).

At the time of carrying out each assessment activity, the teacher will inform the students (Moodle) of the procedure and the date of review of the qualifications.

The student will receive the grade of "Not assessable" as long as he has not delivered more than 1/3 of the assessment activities.
