The information on the evaluation, the type of evaluation activity and its weight on the subject is for information purposes. The professor responsible for the subject will specify it when starting to teach.

Revision

The teacher will communicate a date and time of revision. The review of the various evaluation activities will be agreed between the teacher and the student.

Revaluation

The student will be entitled to the revaluation of the subject if he or she has been evaluated of the set of activities the weight of which equals a minimum of 2/3 of the total grade of the subject. To have access to revaluation, the previous grades must be more than or equal to 3,5.
