Prerequisites

The subject 102.348 External Practices Program Universidad Empresa I is a subject taught within the framework of the University-Enterprise Programme. It is a voluntary program and must submit the application for pre-enrollment. The subject "102348 external practices program university company I" of the University-Enterprise Programme. Prerequisites before the beginning of the subject: To be admitted by the Admission Committee to the PUE Mention established in the regulations.

This subject is available only to students in Economía or Business Administration in catalan / spanish. Being a subject of the University-Business Educational Cooperation Program. If the practices are outside of Spain, you must pass the language proficiency test.

Objectives and Contextualisation

The University-Business Program (PUE) is a program of Educational Cooperation that incorporates supervised external practices. The PUE is a training program in alternation that corresponds to two courses. The participating company in the PUE hosts previously selected students. Two are the fundamental objectives of the PUE:
- Facilitate the professionalization of the student through their practical training.
- To bring the University closer to the company in order to efficiently cover the needs of the company. The practices in companies outside Spain allow, in addition, an improvement in the knowledge of the foreign language.

Competences

Business Administration and Management

- Capacity for oral and written communication in Catalan, Spanish and English, which enables synthesis and oral and written presentation of the work carried out.
- Demonstrate a capacity for integration within a work environment and apply the skills and competencies acquired during the degree course.
- Demonstrate initiative and work individually when the situation requires it.
- Organise the work in terms of good time management, organisation and planning.
- Select and generate the information necessary for each problem, analyse it and take decisions based on that information.
- Work well in a team, being able to argue proposals and validate or reject the arguments of others in a reasoned manner.

Learning Outcomes

1. A capacity of oral and written communication in Catalan, Spanish and English, which allows them to summarise and present the work conducted both orally and in writing.
2. Demonstrate initiative and work independently when required.
3. Demonstrate the ability to integrate into a work setting, and to apply the skills and competencies acquired in the degree.
4. Organise work, in terms of good time management and organisation and planning.
5. Select and generate the information needed for each problem, analyse it and make decisions based on this information.
6. Work as part of a team and be able to argue own proposals and validate or refuse the arguments of others in a reasonable manner.
