- Mid-Course Exam = 40%
- Final Exam = 40%
- Group project = 15%
- Participation in forums, attendance and participation = 5%

#### ASSESSMENT:

- This subject follows the system of continuous assessment.
- All the exercises are COMPULSORY.
- All students are required to: study the compulsory book for this subject, watch the recommended films, and contextualize the suggested texts for this course. Any indication that a student has not completed his/her work in this respect will affect his/her assessment in a negative way.
- An exam not taken by the student will count as a 0 in that part.
- Students have the right to review their exercises (including reassessment) with their teacher in a personal tutorial on the set dates.
- The minimum pass mark for the whole subject is 5. Students are not obliged to pass each component in order to pass the course as long as they get a global 5 or above.

- The student's command of English (C1) will be taken into account when marking all exercises and for the final mark. In fact, "English" will count 25% of all the exercises.
- The minimum mark for passing the course is 5. It is not obligatory to pass every component.

## SINGLE ASSESSMENT

Students who opt for single assessment on this course will have to do three assessment activities:

One academic essay (40%), the title of which will be provided on the day of assessment.

Two exams (30% each), the first covering the Celtic period to the later medieval period, and the second one 1500-1945.

## REVIEW

On carrying out each evaluation activity, lecturers will inform students (on Moodle) of the procedures to be followed for reviewing all grades awarded, and the date on which such a review will take place.

## REASSESSMENT:

- Re-assessment for this subject requires a content-synthesis test, for which the following conditions are applicable:
  1. The student must previously have submitted a minimum of two-thirds of the course-assessment items, that is the exam and the academic paper.
  2. The student must previously have obtained an average overall grade equal to or higher than 3.5.
  3. The maximum grade than can be obtained through re-assessment is 5.0.

## Non-assessable

Students will obtain a "Not assessed/Not submitted" course grade unless they have submitted more than 40% of the assessment items.

**VERY IMPORTANT:** Plagiarism in any of the exercises will automatically lead to FAILING (0/10) the exercise, which cannot be reassessed. If the student plagiarizes a second time, s/he will fail the course. **PLAGIARISM** means copying a text (and this includes a single sentence) from unidentified sources and pretending it is part of one's own production (**THIS INCLUDES COPYING SENTENCES OR FRAGMENTS FROM THE INTERNET, WHICH ARE INCLUDED WITHOUT ANY CHANGES TO THE TEXT THAT IS PRESENTED AS ONE'S OWN**) and it is a serious academic offence. Students must learn to respect others' intellectual property and to always identify the sources they use. It is absolutely necessary for students to become entirely responsible for the originality and authenticity of their texts.

In the event of a student committing any irregularity that may lead to a significant variation in the grade awarded to an assessment activity, the student will be given a zero for this activity, regardless of any disciplinary process that may take place. In the event of several irregularities in assessment activities of the same subject, the student will be given a zero as the final grade for this subject.
