### Assessment

1- Assessment is continuous. Students must provide evidence of their progress by completing tasks and tests. Task deadlines will be indicated on the first day of class and will be published on the virtual campus.

On carrying out each evaluation activity, lecturers will inform students of the procedures to be followed for reviewing all grades awarded, and the date on which such a review will take place

In order to participate in the reassessment, the student must have been previously assessed in a set of activities the weight of which is equivalent to a minimum of 2/3 of the total grade. Only students who have failed and have at least an average final grade of 3.5 will have the right to reassessment. Reassessment will consist in a final summary examination.

Students will obtain a Not assessed/Not submitted course grade unless they have submitted more than 30% of the assessment items.

In the event of a student committing any irregularity that may lead to a significant variation in the grade awarded to an assessment activity, the student will be given a zero for this activity, regardless of any disciplinary process that may take place. In the event of several irregularities in assessment activities of the same subject, the student will be given a zero as the final grade for this subject.

In the event that tests or exams cannot be taken onsite, they will be adapted to an online format made available through the UAB's virtual tools (original weighting will be maintained). Homework, activities and class participation will be carried out through forums, wikis and/or discussion on Teams, etc. Lecturers will ensure that students are able to access these virtual tools, or will offer them feasible alternatives.

2- This subject does not incorporate single assessment

Plagiarism: Total and partial plagiarism of any of the exercises will automatically be considered a FAILED (0) of the plagiarized exercise. Plagiarism is copying from unidentified sources, be it a single phrase or more, passing it off as one's own production (this includes copying phrases or fragments from the Internet and adding them without modification to the text presented as one's own), and it is a serious offence.

Responsibility for monitoring training and evaluation activities rests solely with the student.
