Prerequisites

It is highly recommended that the student has successfully "Introduction to the accountancy" that is studied in the first semester (1st course)

Objectives and Contextualisation

The objectives of course are, first study the main norms of measurement and estimation incorporated in the Spanish General Accounting Plan (SGAP) and second to know the differences with the General Accounting for small and medium enterprises and which companies can apply that plan.

The application of these regulation (already was the General Plan or the Plan for small companies) drives to the formulation of the annual accounts of the companies.

Learning Outcomes

1. CM36 (Competence) Perform the comprehensive accounting process of all transactions made by the company and that determine the result of the financial year and can be used to prepare the balance sheet and the profit and loss account.
2. CM37 (Competence) Use the different recording and valuation criteria set out in the accounting standard.

3. KM27 (Knowledge) Distinguish the key principles and rules of commercial law.
4. SM35 (Skill) Interpret the financial statements prepared by companies.
5. SM36 (Skill) Apply the comprehensive (global) accounting process using appropriate IT support.
6. SM37 (Skill) Prepare accounting statements and economic-financial reports by digitalising the information and using computer systems.

Content

1. Conceptual frame of the new General Spanish Accounting Plan (GSAP)
2. Picture of accounts of the new SGAP
3. Regulation of measurement and register of property, plant and equipment
 1. Assets members and his initial estimation
 2. Subsequent measurement
 3. Special operations: barters, big repairs, etc.
4. Norms of measurement of the properties of investment
5. Norms of measurement of the intangible assets
 1. Assets members and his Initial measurement
 2. Subsequent measurement
 3. The bottom of trade
6. Measurement of the inventories
7. Financial instruments
 1. The financial assets
 1. Classification of the financial assets
 2. Estimation of the categories in the Initial measurement
 3. Subsequent measurement
 2. Liabilities financial and his measurement
 3. The instruments of clean heritage: measurement
8. Subsidies and donations: measurement and countable treatment
 1. Subsidies to the exploitation
 2. Subsidies of capital
9. Provisions and contingencies
10. Income tax
 1. Temporary differences
 2. Non temporary differences
 3. Countable calculation of the tax on societies
 4. Measurement and estimation of the current tax and deferred tax (deferred tax assets and deferred tax liabilities)
11. Spanish Accounting plan for Small companies
 1. Characteristiques
 2. Main differences with the global SGAP

Activities and Methodology

Title	Hours	ECTS	Learning Outcomes
<hr/>			
Type: Directed			
Lab sessions	4	0.16	SM36, SM37, SM36
Practical classes	13.5	0.54	CM37, CM37

Theoretical sessions	32	1.28	CM37, KM27, CM37
<hr/>			
Type: Supervised			
Tutoring and monitoring work in exercices	13	0.52	CM36, CM36
Tutoring and monitoring work in writting about study of annuals accounting reports	7	0.28	SM35, SM35
<hr/>			
Type: Autonomous			
Exercicis and writings	32.5	1.3	SM36, SM36
Search information	10	0.4	SM37, SM37
Study of normatives and rules	32	1.28	CM36, CM36
<hr/>			

The methodology planned for the subject is in class

The methodology will be based in a combination of the 3 types of activities:

- Activity directed: theoretical classes and practical classes and of resolution of exercices. Also they will realise practical in lab classes
- Activity supervised: consistent in the realisation of tutorial programme and the realisation of exercises.
- Autonomous activity that divides in two parts:
 - Part of personal study for part of the student (readings, research of information, etc.). Also it includes the realisation of additional exercises and cases.
 - Autonomous activity in group devoted to the research of data and preparation of a report on the information that provides the memory of the annual accounts. Presentation and debate

The tutorial could be in a a seminary or on line (only in special cases)

Irregularities in evaluation activities

In spite of other disciplinary measures deemed appropriate, and in accordance with current academic regulations *"in the case that the student makes any irregularity that could lead to a significant variation in the grade of an evaluation."*

Section 10 of Article 116. Results of the evaluation. (UAB Academic Regulations).

"In this course, the use of Artificial Intelligence (AI) technologies is not allowed in any of its phases. Any work that includes fragments generated with AI will be considered a lack of academic honesty and may result in a partial or total penalty in the grade of the activity, or higher penalties in serious cases."

Annotation: Within the schedule set by the centre or degree programme, 15 minutes of one class will be reserved for students to evaluate their lecturers and their courses or modules through questionnaires.

Assessment

Continous Assessment Activities

Title	Weighting	Hours	ECTS	Learning Outcomes
Cases and exercices in group	5%	0.15	0.01	CM37
Final exam	50%	3.5	0.14	CM36, SM35, SM36
Individual exercicis	15%	0.15	0.01	SM35, SM36, SM37
Midterm exams	15%	2	0.08	CM37, KM27
Written report in group	15%	0.2	0.01	KM27, SM35, SM36, SM37

The estimation and follow-up of the students will take into 4 components as the following picture:

Activity	Type	Description	Date of delivery	% Weighting
Written report	Group of 2-3 students	Realisation and presentation of written report in a team. In the work will analyse the information that provides a company in the financial annual accounts on the application of the rules of measurement and register developed in the subject. Work presentation (5%), grupal presentation (5%) and individual oral questions (5%) To surpass the written report will have to obtain a minimum of 5 points (on 10 points).	First or second week of May	15%
Exercises	Group of 2-3 students	The students will have to present in writing and expose some practical cases previously defined for. Weekly activity	March, April, May, June	5%
	Individual exercicis	To surpass this activity will have to obtain a minimum of 5 points (on 10 points) Global case in A3 Software	during the course	15%
Midterm exams written		(1) theoretical and practical Examination of the subjects 1 to 5 THESE TWO TESTS ARE NOT LIBERATORY	March	15%
Final Exam	Individual	Theoretical and practical examination of the contents worked during all the semester	As academic calendar	50%

written

For can do average with the other activities is necessary to obtain a minimum note of 5 points in the final examination (on 10)

To approve Financial Accounting I the student have to surpass the activities (work in group, individual exercicis and cases and exercicis in group) and obtain at least a note of 5 points (on 10) to the final exam.

A student is considered "Not evaluable" in the subject when there is no evidence of evaluation. In this subject it will be considered non-evaluable when you have not participated in any of the evaluation activities. Therefore, it is considered that a student who completes any component of continuous evaluation can no longer qualify for a "Not evaluable".

Calendar of evaluation activities

The dates of the evaluation activities (midterm exams, exercises in the classroom, assignments, ...) will be announced well in advance during the semester.

The date of the final exam is scheduled in the assessment calendar of the Faculty.

"The dates of evaluation activities cannot be modified, unless there is an exceptional and duly justified reason why an evaluation activity cannot be carried out. In this case, the degree coordinator will contact both the teaching staff and the affected student, and a new date will be scheduled within the same academic period to make up for the missed evaluation activity." **Section 1 of Article 115. Calendar of evaluation activities (Academic Regulations UAB).** Students of the Faculty of Economics and Business, who in accordance with the previous paragraph need to change an evaluation activity date must process the request by filling out an Application for exams' reschedule

https://eformularis.uab.cat/group/deganat_feie/application-for-exams-reschedule

Grade revision process

After all grading activities have ended, students will be informed of the date and way in which the course grades will be published. Students will be also be informed of the procedure, place, date and time of grade revision following University regulations.

Retake Process

"To be eligible to participate in the retake process, it is required for students to have been previously been evaluated for at least two thirds of the total evaluation activities of the subject." Section 3 of Article 112 ter. The recovery (UAB Academic Regulations). Additionally, it is required that the student to have achieved an average grade of the subject between 3.5 and 4.8.

The date of the retake exam will be posted in the calendar of evaluation activities of the Faculty. Students who take this exam and pass, will get a grade of 5 for the subject. If the student does not pass the retake, the grade will remain unchanged, and hence, student will fail the course.

Irregularities in evaluation activities

In spite of other disciplinary measures deemed appropriate, and in accordance with current academic regulations, *"in the case that the student makes any irregularity that could lead to a significant variation in the grade of an evaluation activity, it will be graded with a 0, regardless of the disciplinary process that can be instructed. In case of various irregularities occur in the evaluation of the same subject, the final grade of this subject will be 0"*. **Section 10 of Article 116. Results of the evaluation. (UAB Academic Regulations).**

This subject does not offer the option for comprehensive evaluation.
