

Publish, manage and provide access to your datasets following FAIR principles and in accordance with the EOSC guidelines

Funding agencies

Comply with funder requirements

Infrastructure

Store your data in Catalan servers

Unlimited datasets

By default, deposit datasets up to 500GB or 5.000 files

Data curation

Increase the FAIRness of your dataset with the help of data curation staff

Dataset rights

Keep your publication, custody and dissemination rights

Share the data

Share the data in full or anonymised form before making it public

Persistent identifier

Identify the dataset with a unique DOI

ORCID

Identify the authors of the dataset with their unique ORCID

Visibility

Make the dataset findable in EOSC, OpenAIRE, RECOLECTA, and Google, among others

Versions

Update the dataset and make as many versions as necessary

Format conversion

Prepare the files to be converted into open formats for long term preservation

Open, embargoed, and restricted files

Decide whether the files are open access, under embargo, or restricted

Preservation

Preserve datasets for a minimum of 10 years

Licenses

You can choose the license that best suits your dataset

Related publications

Link datasets to related publications through metadata
