Dear Mr. Ortiz:

Thank you for your inquiry of March 27th.

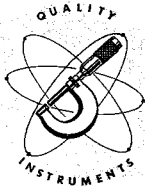

The price of the model 101 is \$239.50. An extra set of batteries for the model 101 is \$31.95. An extra Geiger tube for the 101 is \$19.50. Therefore if you wish three instruments with three spare Geiger tubes, this would total to \$777.00. If you also want three extra sets of batteries this comes to \$872.85. The \$239.50 price does include the batteries, Geiger tube and head set, but does not include any extra spare parts. We trust this will clarify the matter for you.

If your order is placed at this time delivery could be made in about one week. This of course changes from time to time. We very much appreciate your inquiry and hope to be favoured with your order.

Yours very truly

Dear Mr. Ortis:

Mrs. Norman has advised us that you spoke to her and inquired as to the method of payment for the instruments that you wish to purchase.

A deposit of \$100.00 would be ample, and we could then ship the instruments C.O.D. for the balance of \$772.85 plus express and C.O.D. charges. If you wish to send the whole amount this will save you the C.O.D. charges.

Shipment can now be made within a few days of receipt of your order. We are looking forward to the pleasure of serving you.

Yours very truly,
