

- Con respecto al cuestionario 2 de autoevaluación proponemos su sustitución por el siguiente:

*This is what I did best in this recording:*

- I listened to my friend attentively.
- I asked questions when I didn't understand.
- I helped my friend when he had problems.
- We have solved the communication problems in English.
- I understood my friend's story.
- I could tell my story in English. My friend understood it.
- I said a lot of things in English.
- I used a lot of different words.
- I used long sentences.
- My pronunciation was good.

- Con respecto a la escala de evaluación analítica, proponemos la siguiente escala básica, de la que escoger para cada tarea los criterios que mejor reflejen las características de la producción que la tarea elicitá. El valor otorgado a cada criterio se podría también ponderar según la relevancia que ese determinado criterio tenga en la tarea. Al presentar la escala de esta forma obtenemos el beneficio de contar con una escala unificada básica que refleja todos los objetivos del crédito. Por otro lado, la escala puede ser adaptada a los distintos requerimientos comunicativos que promueven tipos de tareas diferentes. Así en las tareas que promueven las habilidades de improvisación, podría omitirse el criterio "Relevancia y organización del contenido" y otorgar un peso mayor al criterio "Estrategias comunicativas."

<b>ATENCIÓN Y COOPERACIÓN</b>		
• El alumno ha escuchado con atención las palabras de su compañero y le ha ayudado en los momentos de dificultad.	5 4 3 2 1	
• El alumno no muestra signos de atención a las palabras de su compañero ni coopera con él para resolver los problemas.		
<b>RELEVANCIA Y ORGANIZACIÓN DEL CONTENIDO</b>		
• Contenido relevante a la tarea. Presenta ideas diferentes y creativas. Bien organizadas. Interesante.	5 4 3 2 1	
• Contenido poco relevante. Carece de organización. Carece de interés.		
<b>FLUIDEZ</b>		
• Produce frases aceptablemente largas a una velocidad razonable. No titubea. Produce un texto o una conversación aceptablemente larga.	5 4 3 2 1	
• Frases de una o dos palabras. Se para a menudo para buscar la palabra. Titubea mucho. Produce un texto o conversación muy breve.		
<b>ADECUACIÓN DEL VOCABULARIO A LA TAREA</b>		
• Uso eficiente del vocabulario elemental requerido por la tarea. Utiliza un vocabulario relativamente variado.	5 4 3 2 1	
• Uso de un vocabulario muy limitado. A menudo no recuerda o confunde las palabras.		
<b>CORRECCIÓN Y COMPLEJIDAD GRAMATICAL</b>		
• Buen uso de la gramática elemental con errores ocasionales que no dificultan la comprensión. Utiliza de forma eficaz estructuras gramaticales diferentes.	5 4 3 2 1	
• Dominio de la gramática elemental muy pobre. El alumno tiene muchos problemas con la estructura de frases ampliamente trabajadas en clase. A menudo hay problemas de comunicación debidos a la pobreza gramatical del alumno.		
<b>ESTRATEGIAS COMUNICATIVAS</b>		
• Utiliza el inglés para negociar el significado en casos de dificultades de comprensión o producción manifestadas por parte del alumno o de su interlocutor. Muestra habilidad para gestionar los turnos. Hay adecuación entre la lengua que utiliza y el problema que quiere resolver. También utiliza estrategias no lingüísticas tales como gestos o dibujos para facilitar la comprensión.	5-10 4-8 3-6 2-4 1-2	
• Al alumno le faltan todo tipo de estrategias lingüísticas y no lingüísticas. Los únicos recursos que utiliza son el silencio y el cambio de código a la L1.		
<b>INTELIGIBILIDAD Y PRONUNCIACIÓN</b>		
• Muestra una buena pronunciación para un adolescente no nativo. Pronuncia adecuadamente las palabras de uso frecuente. Buena entonación. Perfectamente comprensible para un nativo con buena voluntad.	5 4 3 2 1	
• Pronunciación muy defectuosa. Los errores y el fuerte acento hacen difícil la comprensión. Muy difícil de comprender para un hablante nativo con buena voluntad.		

### **3.2. Otros campos de investigación**

A lo largo de este volumen se han ido perfilando otras áreas de trabajo que reclaman una investigación en profundidad. Nos limitaremos a esbozarlas con la esperanza de que otras personas sientan interés por explorarlas. Caben destacar como dignas de interés: la realización de estudios sobre el nivel de competencia organizativa en lengua extranjera de los estudiantes españoles de secundaria; la efectividad de la discusión por parejas simétricas y asimétricas con diversos grados de asimetría; la influencia de los factores de edad y sexo en la formulación de heterorreparaciones y en la cortesía que los aprendices muestran entre sí; la evaluación de la competencia comunicativa de los alumnos teniendo en cuenta los aspectos pragmáticos tales como la fluidez comunicativa y no simplemente los relacionados con la competencia organizativa; la exploración de tareas y tipos de tareas que promuevan una auténtica comunicación entre principiantes; la efectividad de diferentes estrategias para despertar la conciencia lingüística de los hablantes; la tensión sumativa-formativa o la exploración de formas de utilizar el portafolio en la clase de lengua extranjera en las áreas de comprensión oral y escrita .

Hemos intentado señalar las limitaciones de este trabajo, no obstante no quisiéramos concluir sin destacar que la investigación en acción ha demostrado ser un modelo de investigación válido al alcance del profesor que, ante los retos que el trabajo en el aula presenta cada día, le ayuda formular preguntas, encontrar respuestas y en definitiva a abrir nuevos caminos. En la investigación en acción la profundización teórica y el conocimiento práctico que emerge de la praxis cotidiana se iluminan mutuamente ayudando al profesor a adoptar decisiones sólidamente

fundamentadas. Esta interrelación entre teoría y práctica ha demostrado ser un poderoso instrumento de autoformación que convierte al propio profesor de aula en el motor de la renovación pedagógica.

**CARTAS Y DIARIOS DE LOS ALUMNOS**

**Nota:** En la transcripción de los textos escritos por los alumnos se ha respetado la forma de expresarse del alumno, tanto en los aspectos léxicos y gramaticales como en los de ortografía y puntuación. La excepción que hemos introducido ha consistido en comenzar todos los párrafos en mayúscula y acabarlos en punto.

## **LAS CARTAS**

### **A) Cartas de los seis alumnos cuyas transcripciones han sido analizadas:**

#### **LAIA**

El meu millor treball de dossier es el de My favourite character que es la fixa de "A favourite character" perque crec que es la fixa que e fet frases més llargues sobre el personatge. La meva millor gravasio crec que es la de la carta perque vaig memoritzar frases molt llargues i també perque despres la Cristina em va preguntar sobre temes com els que habia escrit a la carta. I la meva segona gravacio es la de "classroom language", magrada perque crec que vaig pronuncia tal com són o com es diuen les frases que vaig dir i pertan crec que la nota que em mereixo es un bé (good). Me posat un bé perque crec que al no entendre del tot quan explica la professora penso que no se Angles, però en canvi quan miro els treballs que e fet penso tot lo contrari; Per això en las autoevaluacions em posava bona nota.

#### **ANNA**

Soc l'Anna i t'escric aquesta carta perque crec que la millor grabació a estat Wanted per les següents questions: la grabacio es millor perque en vaig enrecordar mes i la pronunciacio a estat bona en comparacio a les altres, tambe perque i vaig ficar mes interes perque m'agrada.

Els aspectes que es poden millorar son: la pronunciació sobretot perque no tinc un bon accent angles amb comparacio amb alguns companys, i el vocabulari, en aquest credit he apres molt de vocabulari pero encara amb costa.

La segona grabacio que crec que estat bona es la de Quien es Quien, es mes o menys el que he explicat abans pero el que vull dir es que per culpa de les preguntes amb tenia de parar i mirar el personatges que habia a la ilustracio pero en general m'ho vaig pasar bé.

La nota que crec que amb mereixo es un bé o un notable.

## BONI

Querida Cristina el millor treball de dossier, per mi a sigut el Wanted emb va agradar perque vaig treballar molt i agust i també perque cuan parlo de Juaquin Cortés magrada tot el que faig. El millor energistrament a sigut Who is Who perque he apres a fer preguntes i per que era molt divertit i tambe el de where is ... perque vaig aprendre a dir carrers i preguntar on estava una cosa.

XXX Perque he apres coses i tambe perque m'ho he passat bé.

Que tinc que millorar el meu accent la meva pronunciació tambe enrecordarme de les paraules difíciles.

- La nota que crec que podria treure es un sis o un set.

Het deixo Cristina

¡Deu!

## JANEIRO

El meu millor treball del dossier és el "wanted" Es millor que els altres perquè vaig treballar bastant i a gust i perque vaig aprendre paraules de la descripció física. Es podria millorar posant una mica més de text i fent-ho amb ordinador.

Una de les dues grabacions que m'han agradat més ha estat "my letter", perquè en general vaig parlar del que havia de parlar, i vaig parlar en anglès força estona.

L'altre grabació que m'ha agradat ha estat el "who is who?", perquè era molt divertit i vaig aprendre a fer preguntes.

Podria millorar una mica fent més preguntes en anglès, i també millorant l'accent.

Crec que la nota que em mereixo és un set, o com a molt un vuit.

## CARLES

El que m'ha sortit millor ha estat el meu personatge preferit, perquè vaig fer frases llargues i no vaig parlar en català i també el who is who poguevaig fer servir el classroom language i no vaig fallar molt i hagues pogut millorar el meu pronunciament. La nota que hem mereixo per les dues gravacions es un 6 perquè també m'he portat bastant malament i jugava a classe.

El meu millor treball es el WANTED per que no vaig fer molts fallos i no vaig fer petites frases. Hagues pogut millorar la presentació. La nota que hem mereixo es un 7.

El meu millor treball fet per mi a hestat la cançó dels heroes del silencio, per què hem vaig estar un dia sencer fent i traduint la cançó i hagues pogut millorar la meva presentació. Hem mereixo un 8.

P.D. M'he portat molt malament.

## **YHAGO**

Dels treballs mes ben fets en les gravacions i dels treballs jo he elegit els següents:

De les gravacions mes ben fetes he elegit la gravació de Who is Who feta a la entrevista, perque ha sigut divertida i emocionant encara que m'he estava morint dels nervis i a sigut en la que he anat mes decidit també i perque era una grabació en que es tenia que pensa.

Dels treballs mes ben fets que he fet ha sigut la carta que em composat perque teniem que explica fets de la nostra vida cotidiana en angles i perque ha sigut unes de les feines en que m'he esforçat mes i he utilitzat mes vocabulari en angles.

Posdata:

Aquesta asignatura m'ha agradat molt.

## **B) Cartas del resto de la clase, por orden alfabético**

### **ALEX**

M'agrada molt el treball del qui es qui per que es un treball on dius les descripcions del personatges. Tambe m'agrada molt els readers per que vas trobar paraules noves i despres el resum de el llibre en un full, m'ha agradat molt l'ho dels carrers.

I no m'ha agradat molt l'ho de les evaluacions.

El Credit d'angles esta be i els treballs tambe el que de vegadas ens posa massa d'eures. "El credit es divertit"

L'ho de gravar a la gravadora es molt divertit.

Creo que me merezco un "sufi" porque enpeze muy "Desfasado" y sin Hacer nada y poco a poco comence a hacer los trabajos.
