

TO CARRY

A bed
to carry it
upon your back, the legs
telescoping forward
the mattress
tied in with a rope

To carry a keg of water
upon your back
what matter does it
to put to use what God
so to speak
gave
for a useful purpose

THESE WHEELS

Are climbing the tall stairs
they are liquid
and almost fall apart

Needless to say
I am some kind of engineer
on this project

The stairs could be your ass
these wheels my eyes
but I think I
am a better engineer than that
