

GAGAKU

they stream fish for trout
 high rubber boots
 faded levis under boots
 thick sweat socks under boots
too

I can't see those yet I know

 brown 1920s USA cavalry hat on
like my dad wore trout fishing high
 sierra streams

he was great at trout
 catching
 frying up in pan
 within hour of catch
 so fresh they curl right
 up
to half circle shape

taste superb
 beyond superb
now they look at me
 right as they stand fishing in middle
 of high sierra stream called hot
creek

they eye me
 are not my dad
 are demons

I look at them
 now they go back to studying
 surface of stream

WEIRD BITCH

leaves her clothes here and
 fucks other
men

and
 women

but she can
 paint

well
and her self
portrait hangs in kitchen
 and lives
