

GAGAKU

at th'moment  
of his  
heart attack he  
was getting  
flea

bit too

my demons don't care  
shake their faces NO NO NO  
want my ode about THEM

point a long talon  
at their chest  
sternum

signalling me they are SELF  
CENTERED

and they laugh  
I see 'em  
chuckling

don't hear 'em  
I never hear 'em

just see 'em so clear  
so  
damn  
clear

now they grimace  
a put on  
gesture  
and they sweat

mop their foreheads  
cheeks  
lips

look just like a sweaty human under  
pressure
